“ *Arturo was a generous, kind soul. He was my friend. He meant a lot to me for all the times he would be there for me when he didn't have to. He would watch studio ghibli films with his girlfriend and tell me about how he actually started to like it and I would talk about the details with him.*

The creator of the films intention were to always bring a message to the watchers. To be kind, to think of others, to love and never take what you have for granted. The films remind me of the kindness in life and now it will be a reminder of who he was to me and so many more. May he rest in peace and may God bless his family.
