“ Little Bryan, I am going to miss you so much! We shared so many memories and did so many fun things together as kids! Like when you read a story to my kindergarten class for my birthday, or when I got 2 power ranger juices from the easter bunny and my first thought was yay one for little bryan too! But what I will remember most is your contagious laugh...family parties just won't be the same without you! But I know you are in a better place now getting into trouble with uncle butchie : ) I love you so much and I miss you terribly!! xoxo

“ Bryan, you will be missed and were loved by so many. Every time I think of you I always remember the little happy bright blonde haired with so much energy. I remember our many road trips with the four of us ( you, your mom, my mom and I )to the zoo, pumpkin patch, beach, kiddy land etc and listening to our moms goofy conversations. I also remember having movie night at your house and us playing cops and robbers , or with your many hot wheel car toys and your mom always cooking us a late night snack cause you were always hungry. I will always cherish those memories and keep them with me forever. I hope your at peace and you will never be forgotten. Love Grainne.

“ Dear Little Bryan, I will always remember how you would come to my house and laugh (in your obnoxious laugh :-)) at how crazy me, Uncle Rob and the girls were, as you were an only child from a nice quiet home and ours was just the opposite, but I think you liked it and I know you knew how much we all loved you so much and loved when you came to visit. I am going to miss you so much and I truly hope that you are at peace with whatever it was that hurt you so bad. I just wish you would have gone to someone to talk through it. You will always have a very special place in my heart! Love, Dee xoxo

“ *My Dearest Son - I know you are in heaven looking down on everyone that loves you. I want you to know that I was always so proud of everything you made of yourself and for what a great dad you were to Lacey and Lucifer. We will take care of them and make sure they are as happy as you made them. I will miss you more than you know but will always remember your smile and the love you gave me. You were a terrific son and I love you very very much. I hope you are in peace and that your troubles are gone. Tell my brother I said hi and I love him. Love You ... Mommy*
