“ My deepest condolences Pam, Debbie, Rick and family. It was an honor knowing my DUDE Ed. I was blessed to cross paths with him. I have so much memories of him, I'm so grateful that I was there when he took his last breath to be on his sweet journey 😭 I miss him dearly. One thing that always stands out is his character a jokester at that 😄 I LOVE U ED.

“ Dear Pam & Debbie:

*I am so sorry for the loss of your father, and deeply regret that I cannot be there tomorrow. It would have been an honor for me to do one of the readings. Unfortunately, I had made a commitment several weeks ago, and cannot get out of it.*

*I remember your father, mother, and Debbie coming to our house to celebrate Thanksgiving. Your father enjoyed my Civil War things; especially the rifles and swords.*

*Lana and I were reminiscing about all the Christmas Eve's we spent at your house, with your father dressing as Santa Claus. It was a special time, and I miss that.*

*You are in our prayers; and, again, I am truly sorry that I cannot be there on Saturday.*

*Dennis*

“ So sorry to hear about Ed, thanks for letting us here at Sciaky know.

*I have nothing but fond memories of Ed. My office was adjacent to his desk in our Electrical Assembly Department where he supervised for many years. In 1980, my work involved the companies first PC, an Apple II and Ed, having recently purchased one for himself was very interested in what we were doing with it and we often shared our experiences.*

*After retirement, he continued doing custom engraving of nameplates and tags for our equipment and we all enjoyed talking with him when he personally delivered them to us.*

*Forgot to mention, just yesterday at lunch we were talking about our current lull in business and re-iterated what Ed had told me years ago "Our business is always opposite of the economy..." Never could figure out exactly why but his wisdom still holds true.*
