“ Miss Allind was my math teacher at Kennedy High School in 1966,67 &68.. She was a wonderful teacher. I remember that I needed a third math class and the only one available was algebra 3 and trig. I was definitely NOT a good math student...but I'll never forget that on the very first day...she said that regardless of test scores...I you do your math homework every day...that she would pass you. Miss Allind was true to her word. Thank You Miss Allind... and may you rest in peace.

Ms Allind was my math teacher at Juarez HS in the mid-70s. I remember her very kindly. She was a patient teacher and she let me make up all my late homework :)  
She also took our class on a field trip to the Sears Tower and had us doing trigonometry problems on the building:) Really good teacher.

Today, My heart is heavy. Reading the Chicago Teachers Pension News, I found your name Joan. Never in a million years would I have expected that. You were always such a fiesty, happy, energetic friend through all of our many "horse" adventures from Paradise Ranch, the many trips to visit and ride Pete Cee at the Johnson Stable and in Indiana, I hope Pete was waiting for you to buck you off one more time. Love, Your sad friend, Mary Ann
