“ *To the Klak family:*

I don't know that you will ever see these words that I am writing. Today is April 8, 2018.

I have just found out today that your dear brother Ken died. I knew Ken very well, while he lived in your parents' home on the southwest side of Chicago. I loved him very, very much. I had hoped to live my life with Ken, but that was not to be. I saw him once again in New York City. After that, I only thought of Ken, but didn't know how to reach him.

*He does continue to live in my heart. Most sincerely, Ned Turner

Ned,

*Thank you so much for writing this!!! I have chills. I will have one of his sister's called. To know he was loved this way is the biggest blessing for him and us.
Denise (niece) Carole's daughter*
