“ Mark was an incredible friend to so many...he was a bright light that drew people in, and his stories kept you there. Mark brought joy to everyone he called friend. 42 years of friendship was not enough and I can't imagine a world without him in it, but, I do know I will see him again and he will have new stories to tell me. Until then “Love you, Love your show”

“ What am I suppose to do now. You were my partner in crime. Dinner, go to a shoe store and trying on all kinds of shoes and laughing all the time. You were my sounding board and the best friend anyone could ask for. Love you to the moon and back. Until we meet again. Come visit me in my dreams.

“ You where there for me sense I was a little shit causing problems to the adult I am today and partially cuz of you. You always helped guide me in the right direction and always where there to help me pick up the pieces. It didn't matter what you where going through or fighting yourself you always put yourself to the side to help others your a one of a kind and will be missed dearly. Love you dude. One of my favorite memories was dressing you as Mimi from the Dres Cary show for Halloween it was one of many fun memories I'll hold close to my heart
