

## Michael D. Powers

July 22, 1983 - September 25, 2015

Much Love!

After a four year battle with brain cancer Michael (Mikey) Powers died peacefully on September 25, 2015 at home with family and friends. At the young age of 32 Mikey leaves behind his mother Jeannine Powers, father Michael Powers (Wendy), sister Tina Wojak (Deni niece), sister Terri Wojak, sister Tracy Rasmussen (Craig), along with aunts, uncles, cousins and many many friends.

Mikey was born the youngest of four children on July 22, 1983 to a modern family with lots of love. Mikey grew up in Tinley Park Illinois and graduated from Andrew High School then attended Moraine Valley Community College with an interest in communications, drama, improv, and comedy. Following college Mikey attended improv classes at Second City and appeared in a few stage productions there prior to moving to southern California hoping to expand his stage presence.

Mikey was always making people laugh, lived in the moment, and enjoyed nature's beauty. Mikey enjoyed playing guitar, photography, writing comedy, traveling, and life in general through healthy living and good friends. An old soul, Mikey had insight into life and the arts beyond his years. He loved to share good food, walks at sunset, and gaze at the world's beauty through his

lens. Mikey was always looking for what he called Views (his perspective of the world) that he wanted to share with anyone that was interested.

Visitation will be Tuesday September 29, 2015 at Foran Funeral Home in Summit Illinois 7300 West Archer Avenue between 2 PM and 8 PM. A short memorial service will start at 6 PM during visitation. Creative expressions or short performances are welcome and encouraged during visitation. Attire is casual as was Mike's style. Mikey requested his remains be cremated.

A Tribute to Mikey can be made to American Brain Tumor Association (ABTA) at <http://www.abta.org/donate/> in lieu of flowers or other considerations.

As Mikey would say

“ I went to junior high and high school with Mikey. One of my favorite memories was back in 8th grad. We where in the same group for our 8th grade history project covering the 90s. The other two or three people in the group with us where class clowns that did not care about there grade. The teach asked us if we really wanted to work with them we said yes. We filmed at the Power's house in Tinley with a VHS camera. One kid covered Metallica's "Master of Puppets" with the CD on his middle finger frequently giving the camera the middle finger. I don't remember what else we coveted I think Mikey covers the Simpsons talking about some of the lest appropriate parts. We did a commercial for extra credit, it was for vodka we all pretended to take shots and acted drunk. The teacher did no preview it and played it in class. I think we still managed a B on the project. I also remember going snowboarding with Mikey. He was always cracking us up. Sorry for you lose he was a great friend.
