“ My description of Aunt Ori would be a spirited woman. She would tell me how she enjoyed walking and where she had walked to. She had a great attitude about life and living. I remember her as being an individual with her own thoughts and what she wanted to do and accomplish. My memories of Aunt Ori are delightful ones and now I can talk to her any time and any where. So, I ask you Aunt Ori to watch over your husband, your children and grandchildren. And my mom held out a hand to you as well as other loved ones as you crossed to something beautiful that we all have to look forward to one day. And when this shut down of our state is done Uncle Rudy, we can go out to eat to one of your favorite restaurants. Love you Uncle Rudy and to all of the family.....
