“ My Aunt Pat was a very special person . She was a big influence in my early life . At a very early age, she took me on many adventures . She was the first person to take me to a museum , have me sing in front of a crowd of thousands and parade me around with her High School friends. I still can recall the winter ice skating lessons and fun times we did have . She ignited a love for the Southwest , Native Americans and early history . She shared many interesting family facts and historical documents that she had gathered.

She was a special Aunt and will be missed .
