“ I can't believe that it has been almost 9 years since you left us. I have been thinking about you ever since you left. I remember finding a used cigar in your Sportage about 2 months ago. And I thank you and Nana for the Sportage. I am taking great care of it. I really wish that you were here to see me turn 20. I love you and I miss you so much.

“ To my wonderful husband, Every morning I wake up I still see you sitting in your chair and when I go to bed I see you laying next to me and it makes me say to myself why did you have to leave me? You are my true love. We had a love of a lifetime that not everyone is lucky enough to experience. Though we were husband and wife for almost 59 years, we were best of friends for all of that time and took care of each other each day. I will love and miss you forever! Love, Lorri
