“ My first inkling of how cool Bob was may have been when he pulled up to Busia and Dziadziu Witowski's house one Sunday in his brand-new black '59 Oldsmobile. Then one day my mom gathered us around the TV to watch a Channel 9 special on local heroes. Bob was one of these, going into a burning house to save a family. Finally, he let me sit in on accordion with his band at a family wedding. These things happened many years ago but the fact that they stuck in my mind all this time is a testament to what a great guy he was. RIP Bob.

Mark, I recall that Bob commissioned you to build a large scale model of the Cutty Sark.

“ When my cousin Bob found out I was going to travel and explore the country, he called me. I hadn't spoken to him in years, so it was such a nice surprise! He asked me if I thought he was going to tell me not to go. I said I wasn't sure. He said I should absolutely do it and proceeded to give me some great advice on safety and questioned me to make sure I had an extinguisher, a cb-type radio, etc. I was so touched by that call. I'll never forget it, and I appreciate it more now than ever. Sending love and prayers to his family now. He was a kind man and it is honor to have known him. See you on the flipside, Bob ❤️😭
