“ Mom, we hope you are finally at peace and hanging out with Dad! Is he playing cards? Please watch over us with your Motherly love and help us thru any difficult times we may encounter. We know that the last years have been difficult for you and we did everything we could to improve your life...unfortunately, it didn't work out that way, but we tried and tried...

Hope Cookie is happy to see you and all we can say is we love you and hope you have found eternal happiness. It's too bad that you never seemed to realize the impact you made on so many people when they were caring for you or living with you as co-residents. We will always hold you dear in our hearts.

Love and kisses,
Gery and Jackie

“ One of my favorite things to do with *Thelma* during the time I was her caregiver was to take her shopping-to *Carsons* specifically. She was always on a mission to find something just right and the something that would go with it. You knew when it happened...she had that twinkle in her eyes! I was there when she bought (finally!) her granddaughter *Rachel's* graduation gift. She was so pleased with herself, (and I was jealous). She had a very generous heart that will be missed by those who knew her best. I hope she's got it "just right" now...
