“ Dear Tina: Although I have never met you, I felt that I knew you so well through our business conversations. You helped me so much when I had a problem with a purchase order etc and was so professional at getting back to me immediately. You made my job so easy and I loved the chit chats we had over the years about family and all .Every time I flip through the TV with the remote and see the Deadliest Catch I think of you as you once told me it was one of your favorite shows. I will miss our conversations so much. God must have needed an angel and he now has a beautiful one. God bless you. Love Sandy Fore-Tenn Marketing Ltd. Toronto, On.

“ Tina, we only talked a few times but we had great fun talking about pronouncing your last name. We will miss your 'can do' attitude and the smile we could hear through the phone. We are making a contribution to ASPCA in your name. Life is a journey and I'm sure we will see you soon!
