“ I have known Bill for years and have had many phone conversations and even watched a Nam series together at my apartment in Schiller. He was the most kindest attentive listener I have ever known. He built a cigar box guitar for my daughter and turned me on to Anderson pole connectors for rc airplane applications . I considered him a very good freind and am so sad to hear of his passing. I can't believe that I will not be able to talk anymore but am sure he's in Gods hands and in a better place now. RIP brother Bill
