“ Grandpa Fred was a kind and loving man. He adopted us as his family as much as we adopted him as ours. We'll miss you Grandpa Fred. I hope they have lots of winning scratch-offs in heaven!!! Rest in peace.

“ Fred had the patience of a saint. He had the best sense of humor & was a lover of old school country music artists. He enjoyed playing Bingo with my mom & the occasional trips to a casino. His easy going nature will be surely missed. Rest in peace. Our phone calls always ended with “I love you”. How great that those were are last words to each other.
